

# Sia - Eletric Bird

tom:

Someone plugged you in  
 And sadly they clipped your wings  
 Now you can't fly away electric bird  
 Yeah someone took your tweet  
 One day they fed you that bad seed  
 You can't fly away electric bird

Well you're aaaaaaaart, you fell into this part  
 You play the victim perfectly holding your beating he-----art  
 You used to be so smart

You fluttered round the yard making your magic  
 Got to set you free, you were blinded by deceit  
 You can't fly away electric bird  
 So now this rooms all staged  
 While you're stuck there in that cage  
 You can't fly away electric bird

Well you're aaaaaaaart, you fell into this part  
 You play the victim perfectly holding your beating he-----art  
 You used to be so smart  
 You fluttered round the yard making your magic
