

Sia - Eletric Bird

tom:

Someone plugged you in
 And sadly they clipped your wings
 Now you can't fly away electric bird
 Yeah someone took your tweet
 One day they fed you that bad seed
 You can't fly away electric bird

Well you're aaaaaaart, you fell into this part
 You play the victim perfectly holding your beating he-----art
 You used to be so smart

You fluttered round the yard making your magic
 Got to set you free, you were blinded by deceit
 You can't fly away electric bird
 So now this rooms all staged
 While you're stuck there in that cage
 You can't fly away electric bird

Well you're aaaaaaart, you fell into this part
 You play the victim perfectly holding your beating he-----art
 You used to be so smart
 You fluttered round the yard making your magic
