

# Sia - Straight For The Knife

Tom: E

B Gbm E  
Put on my best dress, I wanted to impress  
I put a little make-up on  
B Gbm E  
Put a bow in my hair, wore pretty underwear  
Hoping you might take it off  
B Gbm  
Don't know your etiquette but  
E  
I'm strapped to my chair, and it ain't 'cos you're pretty  
B Gbm  
You were charming, until  
E  
You saw your chance to kill, your chance to make history

Refrão:

Dbm E B  
You went straight for the knife, and I prepared to die  
E  
Your blade it shines  
Dbm E B  
Looked me straight in the eye, you turned the gas on high  
E  
Held the flame alight,  
Abm  
You wonder why  
Caad  
I'm scared of fire  
Dbm B E  
You wonder why you make girls cry

B Gbm E  
My mascara a mess, harsh words for your princess  
Boy, you and your promises  
B Gbm E  
If your goal was to love, you scored an epic miss  
Now you'll just have memories

Dbm Abm E  
Boy, you draw me back in

Dbm Abm E  
I'm hungry for your bad loving  
Dbm Abm Em  
But will someone find me swinging from the rafters  
Dbm Abm E  
From hanging on your every word
