

Sia - Straight For The Knife

Tom: E

B Gbm E
Put on my best dress, I wanted to impress
I put a little make-up on
B Gbm E
Put a bow in my hair, wore pretty underwear
Hoping you might take it off
B Gbm
Don't know your etiquette but
E
I'm strapped to my chair, and it ain't 'cos you're pretty
B Gbm
You were charming, until
E
You saw your chance to kill, your chance to make history

Refrão:

Dbm E B
You went straight for the knife, and I prepared to die
E
Your blade it shines
Dbm E B
Looked me straight in the eye, you turned the gas on high
E
Held the flame alight,
Abm
You wonder why
Caad
I'm scared of fire
Dbm B E
You wonder why you make girls cry

B Gbm E
My mascara a mess, harsh words for your princess
Boy, you and your promises
B Gbm E
If your goal was to love, you scored an epic miss
Now you'll just have memories

Refrão:

Dbm E B
You went straight for the knife, and I prepared to die
E
Your blade it shines
Dbm E B
Looked me straight in the eye, you turned the gas on high
E
Held the flame alight,
Abm
You wonder why
Caad
I'm scared of fire
Dbm B E
You wonder why you make girls cry

Dbm Abm E
Boy, you draw me back in

Dbm Abm E
I'm hungry for your bad loving
Dbm Abm Em
But will someone find me swinging from the rafters
Dbm Abm E
From hanging on your every word
