Verso:

Em G C Am  
I was standing on the edge  
Em G C Am  
I longed for a new beginning  
Em G C Am  
But I couldn't look down, no I couldn't look down  
D G C Am

I'm a coward  
Em G C Am  
A million voices screamed in my head  
Em G C Am  
And I felt sure that I would give in  
Em G C Am  
So why couldn't I now? Why couldn't I now?  
D G C Am  
Your voice was louder

D G Em Em  
By design God gave me feelings  
D G Em Em  
And by design they shalt not kill  
D G Em Em  
But when the noises overwhelm me  
C Am D D  
I feel sure that they will

Em C Am D  
Oh, liberation, comes in whatever form to save me  
Em C A D

I hit bottom, and then the whisper comes

(Repeat first riff in the intro)  
C#m7b5 CMaj7 Em  
Quiet words, soothe the hurt, whisperer

Em G C Am  
And though I struggle through the days now  
Em G C Am  
It helps to know that you are listening  
Em G C Am  
So I just wait it out, I'll wait this out  
D G C Am  
by the hour

D G Em Em  
By design God gave me feelings  
D G Em Em  
And by design they shalt not kill  
D G Em Em  
But when the noises overwhelm me  
C Am D D  
I feel sure that they will

Em C Am D  
Oh, liberation, comes in whatever form to save me  
Em C A D  
I hit bottom, and then the whisper comes

(Repeat first riff in the intro)  
C#m7b5 CMaj7 Em  
Quiet words, soothe the hurt, whisperer

( C#m7b5 CMaj7 Em )
