[Verse 1]
                                                                                           Dhm
                                                               I put my arm around, I'll show you how strong how I am,
All smiles, I know what it takes to fool this town,
                                                               I put my arm around, I'll show you that I am...
I'll do it 'til the sun goes down and all through the night
                                                               [Chorus]

Oh yeah, oh yeah, I'll tell you what you wanna hear,
                                                                             Dbm

Leave my sunglasses on while I shed a tear.
                                                               I'm so powerful, I don't need batteries to play.

              D

[Verse 2]
Break down, only alone I will cry on out,
                                                               I'm so confident, yeah, I'm unstoppable today.
                                                                             D
You'll never see what's hiding out, hiding out deep down,
                                                               Unstoppable today, unstoppable today,
yeah, yeah.
                                                                             Dbm
                                                                                         Db

I know, I've heard that to let your feelings show,
                                                               Unstoppable today, unstoppable today,
                                                                             Dbm
                                                                                         Db
Is the only way to make friendships grow but I'm too afraid
                                                               Unstoppable today, I'm unstoppable today.
