Email: Transient**B** Riff 3
Tuning:Standard EADGBe

Notes: I tabbed this from a video of them playing the song live on the Kilborn show. I think I got the video from their website
if you want to check the tabbing. This song is played with massive amounts of reverb. Be sure to hit each note carefully or you will be stuck with an off note for quite a while. Chords
Avoid moving your hands around, Riff 3 should be played in Played with a bow, he plays other chords too.
