Okay guys. This is the CORRECT version of this me, I looked at MANY live clips of Daniel Johns playing, and listened to the song a lot, so this is about 99.9% correct. I was just going to post the live solo, but decided to post the whole song because I wanted to post a near perfect version. The live solo is at the end of the file (I know he plays this solo in the version of the song on the DVD "Live from Faraway Stables", maybe at other shows too).

Okay here is the coolest part... the solo that Daniel plays live in Newcastle on the DVD "Live from Faraway Stables".

Cotton case...

He plays this part a few times before the solo starts.

Then the main solo part

Bridge 1

Burn my knees...
 Burn my knees...

You will have to listen to it for exact timing. The solo might be a tiny bit off in some places, but its right for the most part. Have fun.
