

Silvestre Kuhlmann - Abismo

Tom: G

Ninguém penetra a mente do Senhor
 No coração de Deus pulsa um abismo
 A meditar na madrugada, eu cismo
 enquanto a aurora chega sem rumor

Quem pode compreender o Criador? Quem pode avaliar seu dinamismo?

Mais que o vulcão e o mar e o vento e o sismo

Seu poder nos invade com temor!

Oh! Luz! Oh! Profundezas! Oh! Mistério!

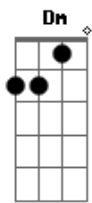

Deus decide descer do espaço etéreo
 Para envolver o mundo em sumo bem

E a demonstrar por nós o amor enorme

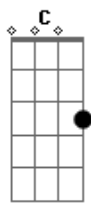

nos braços de uma virgem, Ele dorme

Na penumbra da gruta de Belém
