

Silvestre Kuhlmann - Josué e Jericó

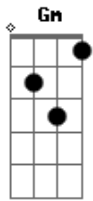

Tom: C

Josué estava perto de Jericó,
 E viu um homem com uma espada na mão;
 Lhe perguntou: "Você é contra ou pró?"
 Ele disse a Josué: "Nada disso não!
 Sou príncipe do exército do Senhor."
 Com o rosto no chão, Josué se prostrou em louvor
 E ouviu do comandante: "Tira a sandália do pé
 Este lugar que pisa, santo é!"
 Josué, com os pés na terra ouviu:
 "Entregarei Jericó na guerra
 Te falo o que deves fazer

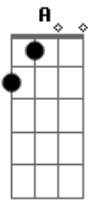

Para os muros da cidade desfazer:

Marchem, uma vez, em redor da cidade,
 Durante seis dias, com homens armados
 Sete sacerdotes levem trombetas
 Que na frente da arca ficarão postados;
 No sétimo dia, dêem sete voltas,
 Os sacerdotes as trombetas tocarão
 Todo o povo dará um forte grito
 E as muralhas de Jericó ruirão."
 Como o príncipe falou, aconteceu
 E o povo de Israel a Jericó venceu.
 E o povo de Israel a Jericó ven- ceu.
