tom:

Intro: C#7M Db7 Gb Gbm

C#7M
Somedays
Doing hundred mile down the highway

Then getting stuck on the runaway

Now i'm, starting, to fade
C#7M

My sundays
Feel like typical Mondays

Too many tonic and bombay's

Now i'm, starting, to fade
C#7M

I'm taking all my chances
Tryna make it round the world

But i'm just a super ordinary girl

So
C#7M Db7
Far from home

I'm getting kinda sick of it
I miss u like my cigarettes

No i don't wanna get too
C#7M Db7
Far from home

I can't get used to the water

Everything tastes better from my mother
C#7M

I'm missing you, but you're missing out
Db7

Wishing you could've seen me now

From where you are, i can show you around

These city lights and city sounds
C#7M

A hundred days and hundred nights

Tired of getting hugg'd by strangers

I don't like, like

So
C#7M Db7
Far from home

I'm getting kinda sick of it

I miss u like my cigarettes

No i don't wanna get too
C#7M Db7

Far from home

I can't get used to the water

Everything tastes better from my mother
C#7M

I don't ever wanna run away

Db7
But there's so much i wanna say

Gb Gbm
Gotta leave, but i wanna stay

(Far, far from home)

C#7M
I don't ever wanna run away

Db7
But there's so much i wanna say

Gb Gbm
Gotta leave, but i wanna stay

(Oh wanna stay)

C#7M
Far far far from home

Db7 Gb
Far far far from home (From home)

Far far far from home

Far far far from home

No, i don't wanna get too

C#7M Db7
Far from home

I'm getting kinda sick of it

I miss u like my cigarettes

No i don't wanna get too
C#7M Db7
