

# Simone - Ela e Eu

Tom: G

Caetano Veloso

[Intro:] Em7 Gbm7 B7 Em7 Am B7

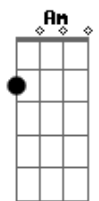

Há flores de cores concentradas  
 Ondas queimam rochas com seu sal  
 Vibrações do sol no pó da estrada  
 Tanta coisa, quase nada  
 Cataclismas, carnaval

Há muitos planetas habitados  
 E um vazio na imensidão do céu  
 Bem e mal e boca e mel  
 E essa voz que Deus me deu  
 Mas nada é igual a ela e eu

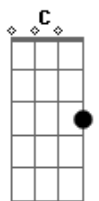

Lágrimas encharcam minha cara  
 Vivo a força rara dessa dor  
 Clara como o sol que tudo anima  
 Como a própria perfeição  
 Da rima para amor

Outro homem poderá banhar-se  
 Na luz que com essa mulher cresceu  
 Muito momento que nasce  
 Muito tempo que morreu  
 Mas nada é igual a ela e eu
