Simple Minds - Don't You Forget About Me

```
Hey, hey, hey, hey
                                                     ( D E D G C D )
  Hey, hey, hey, hey Ohhhh
(DEDGCD)
                                                     Don't you try to pretend It's my feeling we'll win in the end
                                                     I won't
Won't you come see about me? I'll be alone, dancing you know
                                                     Harm you or touch your defenses Vanity and security
Tell me your troubles and doubts Giving me everything inside
                                                     Don't you forget about me I'll be alone, dancing you know it
and out and
                                                     Going to take you apart I'll put us back together at heart,
Love's strange so real in the dark Think of the tender things
that we were working on
                                                     Don't You
                                                                                Don't Don't Don't
Slow change may pull us apart When the light gets into your
                                                               Forget About Me
heart, baby
                                                     Don't You
                                                              Forget About Me
                           Don't Don't Don't
Don't You
         Forget About Me
                                                     Forget About Me
                                                     As you walk on by
                                                                      Will you call my name?
Will you stand above me? Look my way, never love me
                                                     When you walk away
                                                     Rain keeps falling, rain keeps falling
                                  Down, down, down
Will you recognize me? Call my name or walk on by
                                                     Come on - call my name Will you call my name?
Rain keeps falling, rain keeps falling
                                   Down, down, down,
                                                     Acordes
```
