

Simple Plan - Everytime

Tom: C

(com acordes na forma de Capostrate na 5ª casa G)

It was 3 a.m. when you woke me up
Then we jumped in the car and drove as far as we could go

Just to get away
We talked about our lives until the sun came up
And now thinking about how i wish i could go back
Just for one more day

One more day with you

Refrão:

Everytime i see your face
Everytime you look my way
It's like it all falls into place
Everything feels right
Ever since you walked away
You left my life in disarray
All i want is one more day
all i need is one more day with you

Verso:

When the car broke down
We just keep walking along
Till it hit this town
There was nothing there at all
But that was all ok
We spent all our money on stupid things
But if i look back now id probly give it all away,
Just for one more day

One more day with you

Refrão:

Everytime i see your face
Everytime you look my way
Its like it all falls into place
Everything feels right
Ever since you walked away
You left my life in disarray
All i want is one more day
Its all i need

One more day with you

Solo: G Em Am D

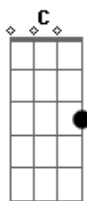

Verso:

Now im sitting here
Like we used to do
I think about my life
And now there's nothin i won't do
Just for one more day
One more day with you

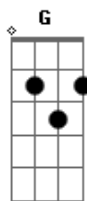

Refrão:

Everytime i see your face
Everytime you look my way
Its like it all falls into place
Everything feels right (feels right)
Evertime i hear your name
Everytime i feel the same
Its like it all falls into place
Everything, everything feels right
You walked away just one more day
Is all i need is one more day with you.
