

Simple Plan - My alien

Tom: **A**

once during the song

here's the lead riff

Here's the rythm during the lead riff

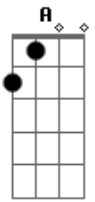

« Somewhere where no body will know our faces » **NOTE** : the part in between the lines is played by Seb while Jeff plays the part after the lines. Get it? Good.

Here's some part, I forget where it is but it's there.

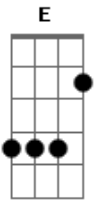

this is probably the hardest part in the song... it's the « She can take me to the place that she calls home » part.

Here's the bridge part where there's no singing
