

# Simple Plan - Running Out Of Time

Tom: Db

It's just another day

And it feels like you're still running late

Cause the times are gonna change

And you're stuck in your old mentality

Pré Refrão:

You can try to lead us on  
But there's no one else to blame  
Won't be left to clean the mess when you're gone  
(We're running out of time!)

Refrão:

We're running out of time  
And you just don't get it  
Now you're watching people die  
And you still don't care  
We're running out of time  
And you just don't get that  
this is how I feel

There's a million things I hate about you

Verse 2:

It's just another battle  
When you exercise your authority  
When the dust is finally settled  
Will you catch up with reality?

Pré Refrão:

You've been waiting way too long  
Now it's time for us to pay  
And we won't be looking back when you're gone  
(We're running out of time!)

Ponte 1:

About you  
About you  
About you  
I don't wanna hear the same  
excuses (don't wanna hear)  
I don't wanna here the same  
excuses (don't wanna hear)  
I don't wanna hear your story  
things I hate about you
