

Simple Plan - Running Out Of Time

Tom: Db

It's just another day
 And it feels like you're
 still running late
 Cause the times are
 gonna change
 And you're stuck in
 your old mentality

Pré Refrão:

You can try to lead us on
 But there's no one else to blame
 Won't be left to clean the
 mess when you're gone
 (We're running out of time!)

Refrão:

We're running out of time
 And you just don't get it
 Now you're watching people die
 And you still don't care
 We're running out of time
 And you just don't get that
 this is how I feel

There's a million
 things I hate about you

Verse 2:

It's just another battle
 When you exercise your authority
 When the dust is finally settled
 Will you catch up with reality?

Pré Refrão:

You've been waiting way too long
 Now it's time for us to pay
 And we won't be looking
 back when you're gone
 (We're running out of time!)

Ponte 1:

About you
 About you
 About you
 I don't wanna hear the same
 excuses (don't wanna hear)
 I don't wanna here the same
 excuses (don't wanna hear)
 I don't wanna hear your story
 things I hate about you
