

Simple Plan - Running Out Of Time

Tom: Db

It's just another day

And it feels like you're still running late

Cause the times are gonna change

And you're stuck in your old mentality

Pré Refrão:

You can try to lead us on
But there's no one else to blame
Won't be left to clean the mess when you're gone
(We're running out of time!)

Refrão:

We're running out of time
And you just don't get it
Now you're watching people die
And you still don't care
We're running out of time
And you just don't get that
this is how I feel

There's a million things I hate about you

Verse 2:

It's just another battle
When you exercise your authority
When the dust is finally settled
Will you catch up with reality?

Pré Refrão:

You've been waiting way too long
Now it's time for us to pay
And we won't be looking back when you're gone
(We're running out of time!)

Ponte 1:

About you
About you
About you
I don't wanna hear the same
excuses (don't wanna hear)
I don't wanna here the same
excuses (don't wanna hear)
I don't wanna hear your story
things I hate about you
