She's standing on the corner
 Like an angel in disguise
 When I look a little closer
 She's got dangerous eyes
 She tells me she's a model
 With an international reputation
 Sliding in a bottle
 For some stipulation

A Am
 She's so indecipherable

Em D A
 She holds the key to the missing gold

Am Em D A
 Just the thought of her touch my mind explodes

Am Em D A
 So desirable, time never will unfold
