

Sister Hazel - Dreamers

Tom: G

^A
Just turn around, turn away from me

^G Before I lose my head

^A Just turn around but remember me

^G And how you left me dead inside

^{D G D} We were gonna be different

^{D G D} Now where did those dreamers go?

^A I was the one who would paint the stars

^G And watched you while you slept

^A You were the one who held my heart

^G And smiled as it leapt inside

^{D G D} Oh, we were gonna be different

^{D G D} Now where did those dreamers go?

^{D G D A} Well, I guess they died when we got older

^{D G D A} And when you lied, didn't have to

^{A Em} Well, I don't know where I should go from here

^{G A} Cause I never expected this of us

^{A Em} Well, I'm only hanging on by a string

^{G A} And I don't know anything anymore

[chorus 2X]

^{D G D A} We were gonna be different

^{D G D A} Now where did those dreamers go?
