

Sister Hazel - Lay It Down

```
Tom: C
  C F Dm F
You need a little makeup dear
C F Dm F
To cover up all your stains
C F Dm F
With another trick right here, yeah
You fool them all once again
C F Dm F
You need a little emptiness
C F Dm F
Before you know what is real
And take a little taste of wine, yeah
C F Dm F
To give yourself half a chance
[PRE CHORUS]
And when you're weak of holding on
Release your wayward soul
[CHORUS]
And with these treasures you have found
The broken pieces of your crown
It's time to lay your cross on down
(Lay it down)
CG
And with this kingdom you have now
It's time to lay your cross on down
You better lay it down
[INTRO]
C,F,Dm,F(X2)
C F Dm F
You carry in a bright white lie
C F Dm F
To cover up all your shame
C F Dm F
You're gonna have to testify
C F Dm F
To color in all your claims
```

And when you're weak of holding on Release your wayward soul and Spend your days not falling down Before your empty idols And with these treasures you have found The broken pieces of your crown It's time to lay your cross on down (Lay it down) And with this kingdom you have now G Dm It's time to lay your cross on down You better lay it down C.F.Dm.F And when you're weak of holding on Release your wayward soul and Spend your days not falling down Before your empty idols And with these treasures you have found The broken pieces of your crown It's time to lay your cross on down (Lay it down) CG And with this kingdom you have now G Dm It's time to lay your cross on down You better lay it down
