

Sister Hazel - So Long

Tom: **D**

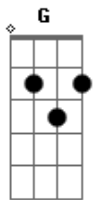

D **G**
I know that it's been a long
A
Time since I've been gone
D **G** **A**
It's easy to forget--help me remember
Funny but I've never been
Good at stayin' close
But that don't mean that I never remember
[Chorus]
[mute] **G** **D**
And it's been --So long
A
Been gone but feel like we're one again
G **D** **A**
So long....
[mute] **G** **D**

And it's been so long
A
I kept thinkin' maybe tomorrow
G (let ring)
And now I'm gonna leave again--believe again
A (let ring)
Yeah yeah--so long....
I take a little time to think
About what is right or wrong
And that will lead me home if I remember
And I do--me I know it's true
Come find me and I'll be there to tender
(Chorus)
Take a little look around
I listen while I learn
Why are you the one I take for granted
'Cause I do--me I know it's true
I know you would never just demand it
(Chorus)
