Verse 1:

Take my sorrow and my sin, I will
run into your arms again, holy father
Once again, my tears are dried by your
perfect love that's river wide, overflowing

Bridge 1:

As I stand out in thanks with my arms

overhead I am overcome...

Chorus:

As I breathe, The Air of heaven joining
in your fragrance
When I breathe, I feel your voice calling
out inside of me, your the breath that I
breathe

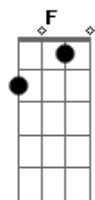

Verse 2:

Covered by the evening sky I turn my
gaze to where your kingdom lies
deep inside my heart.
A silent whisper in my mind Sweet surrender
to your love divine peace and hunger.

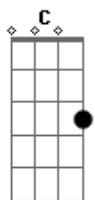

Bridge 2:

In the stillness I empty my soul and
your healing presence comes..
