

Sixpence None The Richer - Need To Be Next To You

Tom: D

Been running from this feeling for so long
 Telling my heart I didn't need it
 Pretending I was better off alone
 But I know that it's just a lie
 So afraid to take a chance again
 So afraid of what I feel inside
 But I need to be next to you, oh I, oh I
 I need to share every breath of you, oh I, oh I
 I need to know I can see you smile each morning
 Look into your eyes each night for the rest of my life
 Here with you, near with you, oh I
 I need to be next to you
 (pause)
 Need to be next to you
 Right here with you is right where I belong
 I lose my mind if I can't see you

Without you there's nothing in this life
 That would make life worth living for
 I can't make it if you're not there
 I can't fight what I feel any more
 Cause I need to be next to you, oh I, oh I
 I need to share every breath of you, oh I, oh I
 I need to know I can see you smile each morning
 Look into your eyes each night for the rest of my life
 Here with you, near with you, oh I
 I need to be next to you
 I need to have your arms next to mine for all the time
 Holding for all my life
 I need to be next to you
 I need to be next to you, oh I, oh I
 Need to be, need to be next to you
 Share every breath of you
 i need to feel you in my arms baby, in my arms baby
 i need to be next to you, oh i, oh i
