

Sixpence None The Richer - Northern Lights

Tom: C

it burns me down when I think of all the tears you've cried
 for one million miles I've I logged on roads that led away
 from you knowing there was nothing you could do
 inside my mind I saw you driving in your car
 just one silhouette in the wind with a prayer that this would
 not go to far
 away from my residual flame
 our bodies growing cold like stars
 that lose their will to burn and fade into the night
 but we could burn like the northern lights

Refrão:
 baby - please stay
 we can make it through another day
 it may - must we?
 all the fiber optic arguments
 without the warmth of your flesh we couldn't really make much
 sense

but now it's over and I am here my body next to yours
 we'll feed the flame with the fuel of time and burn like the
 northern lights
 I'm tired of all the senseless fights

Refrão 2x:
 baby - please stay
 we can make it through another day
 we could burn like the northern lights
 baby
 you love me and I love you
 so, baby - please stay
 we can make it through another day
 baby - please stay
 we can make it through another day
 baby - please stay
 we can make it through another day
 baby - please stay
 we can make it through another day
 we could burn like the northern lights baby
