

Skid Row - One Light

Tom: G

Verse: There's a sound ^C in my head ^G
 Holy wine, breakin' bread
 Between time and what we said ^{Em}
 Drifts the innocence we've shed ^D ^{Am}
 In this moment there's a day for a sad and broken babe ^C ^G
^C ^{Em} ^D
 There's a fracture on this hallowed ground where we lay ^{Am}

Chorus: One light burns, one light fades ^C ^G
 Behind the door are better days ^C ^G
 When the light shines on me ^C ^{Em}
 I'll know the world still turns ^D ^{Am}
 One light burns ^C ^G
 One light burns ^C ^G

Verse: There's a prayer on the wall
 One by one say them all
 Why we run before we crawl
 Stands the reasons that we fall

In the flower there's a field
 Sublime but so surreal
 There's a fracture on this sacred ground to be healed

Chorus: One light burns, one light fades
 Behind the door are better days
 When the light shines on me
 I'll know the world still turns

One light burns ^C ^G
 One light burns
 One light burns

One light burns, one light fades
 Behind the door are better days
 When the light shines on me
 I'll know the world still turns

One light burns, one light fades
 Behind the door are better days
 When the light shines on me
 I'll know the world still turns

One light burns, one light fades
 Behind the door are better days
 When the light shines on me
 I'll know the world still turns
 One light burns
 One light burns
 One light burns
 One light burns
