

# Skillet - Comatose Intro

Tom: G

this is the intro on strings...strings are a pain in the  
A\$\$ to tab out btw...so heres  
best i could do...

one octave  
higher but  
guitars dont

go that high

yea this whole thing goes twice...and there is another guitar  
over it the second  
i think the one tab already has that part and im too lazy to  
tab it...so check that one urself...

well this is only my second tab so be easy on the  
critiques...
