

# Skillet - Rise Up

Tom: C

Rise up, rise up just like a fighter  
 Rise up, rise up

No way, never gonna bow to your hate  
 You can't pull me under  
 Stand proud, say it like you mean it  
 Shout out with voices like thunder

Slap in the face, you put me away  
 I'll stay in the game, I'll finish the race  
 Giving my all, my heart and my soul  
 You can't control

Love's gonna be a battle cry  
 So hear me

Rise up, rise up just like a fighter  
 We will rise again  
 Rise up, rise up, we got the fire  
 Burnin' to the end  
 No fear, no death tonight

I'm feelin' so alive  
 Rise up, rise up, we got the fire  
 We will rise (Rise), we will rise again

Rise up, rise up (Rise up), we got the fire  
 Rise up, rise up (Rise up), we got the fire

Day, night, the pendulum is swinging  
 Left, right, our fate gets closer

Stand now, the enemy is knockin'  
 Scream out with voices like thunder

'Cause I believe we are the free  
 I know who I am, can't take it to me  
 I will defend, never pretend  
 I won't give in  
 Love's gonna be a battle cry  
 So we will

Rise up, rise up just like a fighter  
 We will rise again  
 Rise up, rise up, we got the fire  
 Burnin' to the end  
 No fear, no death tonight  
 I'm feelin' so alive  
 Rise up, rise up, we got the fire  
 We will rise (Rise), we will rise again

Rise up, rise up (Rise up), we got the fire  
 Rise up, rise up (Rise up), we got the fire

Rise up, rise up just like a fighter  
 We will rise again  
 Rise up, rise up, we got the fire  
 Burnin' to the end

No fear, no death tonight  
 I'm feelin' so alive  
 Rise up, rise up, we got the fire  
 We will rise (Rise), we will rise again

Rise up, rise up (Rise up), we got the fire  
 Rise up, rise up (Rise up), we got the fire
