We (we) are (are) better off as long as we are cheaters,
cheaters
Out (out) of (of) seeing your bad behavior, falling deeper,
deeper

I lack in trust of emotions order
Oh you are get decide to put the glass

My sense of devotion order

'Cause you're not what I need

And you feed all the lies in my head

Still you never get me nowhere

Lack of emotions

(Am G Em)

Once I thought that you and I might have a chance

Chance

Heart beats promises of honesty won't last

Never last

I lack in trust of emotions order

Oh you are get decide to put the glass

My sense of devotion order

'Cause you're not what I need

And you feed all the lies in my head

Still you never get me nowhere

Lack of emotions

Why do you fly and go this way?

I never asked of you to come and save me

Maybe I will die alone

But I won't have to bother once I'm gone
