

# Skott - Lack Of Emotion

tom:

Intro: Am G Em<sup>G</sup>

We (we) are (are) better off as long as we are cheaters,  
cheaters  
Out (out) of (of) seeing your bad behavior, falling deeper,  
deeper

I lack in trust of emotions order  
Oh you are get decide to put the glass

My sense of devotion order

'Cause you're not what I need

And you feed all the lies in my head

Still you never get me nowhere

Lack of emotions

( Am G Em )

Once I thought that you and I might have a chance

Chance

Heart beats promises of honesty won't last

Never last

I lack in trust of emotions order

Oh you are get decide to put the glass

My sense of devotion order

'Cause you're not what I need

And you feed all the lies in my head

Still you never get me nowhere

Lack of emotions

Why do you fly and go this way?

I never asked of you to come and save me

Maybe I will die alone

But I won't have to bother once I'm gone

( Am D Bm )

( C Em G )

I lack in trust of emotions order

Oh you are get decide to put the glass

My sense of devotion order

'Cause you're not what I need

And you feed all the lies in my head

Still you never get me nowhere
