Intro: Eb Bb Ab Eb
 Eb Bb Ab Eb

[Primeira Parte]

And when the silence comes

It breaks my heart

When I'm lonely

I always fall apart

And when I'm left behind

I climb the walls

Never knowing

If you really cared at all

[Pré-Refrão]

Did you get to where you're going

To the place you're meant to be

Still I'm holding out that you'll return to me

Somewhere

Somewhere beyond

[Refrão]

Turn the key

Please come back to me

What I'd give to know you'll fill my world again

[Segunda Parte]

Th? wind is screaming out

I pace the floor

And I wond?r will I see your face once more

[Pré-Refrão]

You were always here to save me

Like sentinel in the dark

As the thunder keeps on rolling

Through my heart

But still Someway

Acordes

I keep holding On

[Refrão]

Turn the key

Please come back to me

For how long will you be gone

I'm barely breathing

Because all I know

Is that I miss you so

What I'd give to know you'll fill my world again

[Ponte]

Say it won't be long

It won't be long

Say it won't be long

It won't be long

Till you'll come home

It won't be long

Say it won't be long

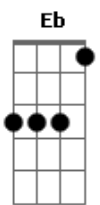

It won't be long
