

Slash - We're All Gonna Die

Tom: C

(riff principal - used for almost all of it)

(if my wings should fail me lord...)

When I was a very young boy, mamma told me we all gonna die
Mamma said son love can't be trusted, it's just another
weakness
We all gonna die

(refrão)

Baby don't cry, praise the most high, tell you no lie,
We're all gonna die
Baby don't cry, praise the most high, tell you no lie
We all gonna die

Now I'm grown, seen a lot livin', made a few friends
Gonna get high, hoping I don't take more than I'm given
Judgement day comin', we all gonna die
If my wings should fail me lord, meet me with another pair

(refrão)

Baby getting born, old man die'n
Young lady laughn', old woman cryin'
Leaving like a lamb, comin' back like a lion
Babylon to Zion, we're all gonna die

Praise the most high, we're all gonna die
When I was a very young boy Mama told me, we're all gonna die
Mama said, son, love can't be trusted
Its just another weakness, we're all gonna die

Praise the most high, we're all gonna die
If my wings should fail me lord, meet me with another pair
