

# Slash - We're All Gonna Die

Tom: C

(riff principal - used for almost all of it)

(if my wings should fail me lord...)

When I was a very young boy, mamma told me we all gonna die  
Mamma said son love can't be trusted, it's just another  
weakness  
We all gonna die

(refrão)

Baby don't cry, praise the most high, tell you no lie,  
We're all gonna die  
Baby don't cry, praise the most high, tell you no lie  
We all gonna die

Now I'm grown, seen a lot livin', made a few friends  
Gonna get high, hoping I don't take more than I'm given  
Judgement day comin', we all gonna die  
If my wings should fail me lord, meet me with another pair

(refrão)

Baby getting born, old man die'n  
Young lady laughn', old woman cryin'  
Leaving like a lamb, comin' back like a lion  
Babylon to Zion, we're all gonna die

Praise the most high, we're all gonna die  
When I was a very young boy Mama told me, we're all gonna die  
Mama said, son, love can't be trusted  
Its just another weakness, we're all gonna die

Praise the most high, we're all gonna die  
If my wings should fail me lord, meet me with another pair
