Well I know, you couldn't love me
 Cause you're promised to a wealthy man
 Take a look, what are you seein'?
 Is that a noose or a wedding band
 Should I go to see a healer
 Nervous twitchin' in my hands
 Nervous twitchin' in my head
 God help me rid this feelin'
 Cause I'm fallin' all to pieces
 And I can't get out of bed

REFRÃO Riff 1 Riff 2 Riff 3 e Riff 4

Beggars and hangers on
 Try to take you from me
 Someone with a Bible in his pocket
 Clouding everything you see

Beggars and hangers on
 They chip it away
 Bury your soul in the river
 Cause the end is here to stay
 God help me rid this feelin'

Cause I'm fallin' all to pieces

And I can't get out of bed

I was wrong

I don't need you

It seems reckless

And unfair

Better days

Are far behind

Guess that's another cross
 I'll have to bear

Solo: Cm B Ab

I know that there's a time and a reason
 To take the ghost and lock it up inside

And maybe I am down

But I'm not beaten Like anything we were born to die

Refrão:

 Bury your soul deep in the river

 Beggars and hangers on
 Beggars and hangers on
