Play Riff **C** 4x with lyrics:

Convicted with my life will end
At midnight on the stake
My dedicated life was spent
To insubordinate
Secured by lock inside a cell
Imprisoned for no crime
These shackles will be useless
When your life is out of time

Play Riff **D** 4x with lyrics:

Incantation spell gone by
I will see life again
My deals will be made eternally
I signed the book of red
My rage will be unleashed again
Burning the next morn
Death means nothing, there is no end
I will be reborn

Play Riff **B** 2x
Play Riff **C** 4x with lyrics:

No gift of exile in my fate
I'll get no amnesty
You can't control my destiny

There is no habitual need
Proclaim my death, to end my wrath
It takes more than one try
Indulge your ineffective cause
I will never die

Play Riff **D** 2x with lyrics:

You think by killing me tonight
My powers will not rise
There'll be nowhere for you to run
When my hatred comes to life
Condemned to fill the prophecy
Allowing no first born
Defy your morbid declaration
Leave you ripped and torn

Then play: (Hanneman plays some variation on this riff
but I can't figure out exactly what it is)

As I burn upon the stake
You'd be forgiven endlessly
But your values are all fake
Forever servant of my lord
By choice and not submission
Maybe now I've made you wonder
Am I superstition
