

Sleeping At Last - Touch

tom:
 C
 When will I feel this
 F7M Am C G C
 As vivid as it truly is
 G Am F C
 F7M Am C G C
 Fall in love in a single touch
 G Am F C C C
 And fall apart when it hurts too much?
 F7M Am C G C
 Can we skip past near-death clichés
 G Am F C
 Where my heart restarts, as my life replays?
 F7M Am C G C
 All I want is to flip a switch
 G Am F C C C C
 Before something breaks that cannot be fixed
 F Am C F
 I know, I know - the sirens sound
 F Am C G
 Just before the walls come down
 F Am C F
 Pain is a well-intentioned weatherman
 F Am C G
 Predicting God as best he can
 Am C G C
 But God I want to feel again
 (F7M Am C G C)
 (G Am F C)
 F7M Am C G C
 Rain or shine, I don't feel a thing
 G Am F C
 Just some information upon my skin

F7M Am C G C
 I miss the subtle aches when the weather changed
 G Am F C
 The barometric pressure we always blamed
 F7M Am C G C
 All I want is to flip a switch
 G Am F C G Am F C
 Before something breaks that cannot be fixed
 (F Am C F)
 (F Am7 C G)
 (F Am C F)
 (F Am7 C G)
 F Am C F
 Invisible machinery
 F Am7 C G
 These moving parts inside of me
 F Am C F
 Well, they've been shutting down for quite some time
 F Am7 C G
 Leaving only rust behind
 F Am C F
 Well, I know, I know - the sirens sound
 F Am C G
 Just before the walls come down
 F Am C F
 Pain is a well-intentioned weatherman
 F Am C G
 Predicting God as best he can
 Am C G C
 But God I want to feel again
 Am C G C
 Oh God I want to feel again
 F7M Am C G C
 Down my arms, a thousand satellites
 G Am F C
 Suddenly discover signs of life
