A Dbm B E  
Sweetheart, you look a little tired  
When did you last eat?

Come in and make yourself right at home  
Stay as long as you need  
A Dbm B  
Tell me, is something wrong?  
E A  
If something's wrong you can count on me  
A Dbm B E  
You know I'll take my heart clean apart

( A Dbm B E A )

[Segunda Parte]

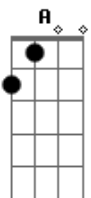

Dbm B E

I know exactly how your rule goes  
Put my mask on first  
No, I don't want to talk about myself  
Tell me where it hurts  
I just want to build you up, build you up  
'Til you're good as new  
And maybe one day, I'll get around  
To fixing myself, too  
( E A )  
[Ponte]  
Gbm E A  
I don't even know where to start  
Already tired of trying to recall when it all fell apart  
Gbm E A B  
I just want to love you, to love you, to love you well  
Dbm B E A  
I just want to learn how to somehow be loved myself  
[Refrão]  
E A E  
Like a force to be reckoned with  
A Dbm  
A mighty ocean or a gentle kiss  
B E A  
I will love you without any strings attached  
E A E  
What a privilege it is to love  
A Dbm B E A  
A great honor to hold you up  
E A E  
Like a force to be reckoned with  
A Dbm  
A mighty ocean or a gentle kiss  
B E A  
I will love you with every single thing I have  
E A E  
Like a tidal wave, we'll make a mess  
A Dbm  
Calm waters, if that serves you best  
B E A Dbm  
I will love you without any strings attached  
B E A  
I will love you without a single string attached  
( E )
