Oh ohh ohh ohh oh ohh (2x)

C
Caught my eye from the second you walked by
D I had to see if I could make you mi-ine **C**
D
Oh, but I ain't got no time to waste, no ti-i-i-i-ime
C
You see my heart, it goes through these motions
D But my mind can't decide whether to keep or leave you alone, **Am**
D
Or what I need to make you come back home
Am
The stars are shining on us tonight
D
You know exactly what is on my mind
Am
Spare me the details, cut to the chase
D
Close the curtains 'cause I'm running for ya
C
My body's burning for ya

Caleb's part:

Am
You make it too easy girl,
D
For me to lose myself in your world
Am
All those words I said, all the money spent
D
All those diamond rings and pearls
Am
You know my chips are down
D
But we got time to figure it out
Am
I don't know where to start but I know my heart
D
Won't beat unless you're around
Am **D**
So close your eyes, I'm gonna take you for a ride
Am
The stars are shining on us tonight
C
But girl you know what's on my mind
Am
Spare me the details, cut to the chase
C
Those curtains close, I'm hurting for ya
Am
My body's hurting for ya
