Lyrics:
(Verse) Today you sat up half asleep and stared into this cluttered empty apartment and died. What the where the how the why the hell. You can watch your step and still you'll never see the mines.
(Chorus 1) Stay up man don't drown. It's time to go to town. Today is

just another yesterday. You're back in the game again. You're gonna win it in the end. Disconnect the dots and be on your way.
(Verse) Every day I see you sinking low. Dragging around like it was the end of the world. She's gone, she's gone, she's gone man, let her go.
Cause in the end she didn't turn out to be much of a girl.
(Chorus 2) Stay up man don't sink. Before you have time to blink, your number one will walk through the door and wanna play. You're back in the game again. You're gonna win it in the end. Disconnect the dots, disconnect the dots and be on your way.
(Bridge) Thought you had it good, so secure so sure. Looking at the map didn't see the detour. **DIVORCE** or something of the sort, disconnect the dots, man the ball's in your court. Get yourself a shave and put on your best hat the world is your aquarium and you are the cat, so dive right in and don't forget to swim, you're back in the game again.
(Repeat 1st chorus)
