

The Smashing Pumpkins - Dancing in the Moonlight

Tom: **G**

(com acordes na forma de **Gb**)

Capostrate na 1ª casa

This song is played in dropped-D tuning, with a capo at the first fret.

A 302 in the tab is really a 1 because the capo is holding down all strings at the first fret. All other numbers are the actual numbers fretted.

Intro: I'll call this rhythm figure 1. It's played throughout the song with slight variations and ad libs. Just listen to the record. The chord forms are the ones you would use for Em7, D something, Cadd9, and G in standard tuning, first position. The numbers just look strange cuz of the capo--well, you know what I mean...

Rhythm fill 1. (played at end of intro & some verses)

Here's the layout of the song, with the lyrics:

Intro: (Ryth. fig. 1. w/ variations & ryth. fill 1.)

Solo (w/ variations on ryth. fig. 1):

Chorus (w/ ryth. fig. 1): Dancing in the moonlight, etc.
Last Chorus() end with this:

LETRA

When I passed you in the doorway
You took me with a glance
Should have took that last bus home
But I asked you for a dance
Now we were steady to the pictures
I always get chocolate stains on my pants
Father says he's going crazy
Says I'm livin' in a trance
Dancing in the moonlight
It's caught me in it's spotlight,
It's alright, it's alright, the moonlight
This long, hot summer night
It's three o'clock in the morning, I'm on the streets again
Disobeyed another warning, Shoulda been home by ten
Now I stay out 'till Sunday, I have to say I stayed with friends
It's a habit worth forming, It's a means to justify the end
Dancing in the moonlight
It's caught me in it's spotlight,
It's alright, it's alright, the moonlight

This long, hot summer night
I'm walking home
Last bus is long gone
