

The Smashing Pumpkins - Eye Intro

Tom: **D**

AS PERFORMED **D** LIVE.

I've seen a lot of tabs for this song but not one of them has the intro correct so here's the correct way to play the intro that note for note sounds just like how they played it live.

Tune the guitar down 1/2 step (**E_b**) - this goes for 90% of all

pumpkins tunes.
Intro:

Pre-Chorus

("Turn to the gates of Heaven...")

Then there's the chorus and the solo's which others have done a very accurate job at tabbing.
