

# The Smashing Pumpkins - Psychedelic

This is another one of those '89 demos with the messed up tuning. You have to match it to their tuning. Also, I'm not quite sure about what octave these notes are on. Sorry.

Riff1

```
G|-----|-----|
D|-----|-----|
A|12-12-12--|10-10-10--|
E|-----|-----|
```

Riff2

```
G|-----|
D|-----|
A|0-0--3-3--5---0-0-----|
E|-----3-3--2---|
```

Hold a **G** (3 on **E**) then Riff1

Then go down to **Gb** (4 on **D**) then E(2 on **D**) then open D, Riff2, Riff1
