

The Smashing Pumpkins - Wound

Tom: A

Ax2

Repeat another 3 times with this fill on top:

A A

Verse 1

There you are

As you always were

In bathing light

And naked blur

You're a part of me

Eternal One

By grand design

And setting sun

Chorus

If you wait I will wait

Taste I will taste

If you love I will love

Run I will run

To my last breath

Last night I turned around and thought I saw myself turning

Inside the strangest dream of life unloved and cities burning

Awake in my arms

You cry unharmed

Our age of the hours

When they still devour all

Verse 2

So take it all

I doubt if we

Will know it's gone

Cause we've been here

Since time began
Begged god awake and make these plans

Bridge

Wound opens

Reveal this broken man

And soon there's notions of blood on his hands

Chorus 2

If you wait I will wait

Taste I will taste

If you love I will love

Run I will run

To my last breath

Last night I turned around I thought I saw myself turning

Last night I turned around and thought I watched the world ending

Inside the crushing down I felt a pang the tide was turning

Destroyed in the wake

The jealous ingrates

Will tear this world down

To spite god above

With his own love

With his own love

If you wait

If you wait

Chorus 3

If you wait I will wait

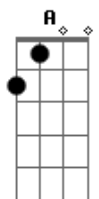

Taste I will taste

If you love I will Love

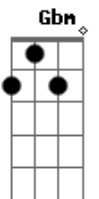

Run I will run

To my last breathe
