

# Snow Patrol - New York

Tom: F

Verso:

If you were here beside me

Instead of in New York

If the curve of you was curved on me

I'd tell you that I loved you

Before I even knew you

Cause I loved the simple thought of you

If our hearts are never broken

Well there's no joy in the mending

There's so much this hurt can teach us both

Though there's distance and there's silence

Your words have never left me

They're the prayer that I say every day.

Refrão:

Come on, come out, come here, come here  
 Come on, come out, come here, come here  
 Come on, come out, come here, come here  
 Come on, come out, come here, come here

The lone neon nights

And the ache of the ocean

And the fire that was starting to spark

I miss it all, from the love to the lightning

And the lack of it snaps, me in two

Verso:

If you were here beside me

Instead of in New York

Of the arms you said you'd never leave

I'd tell you that it's simple

And it was only ever us

There is nowhere else that I belong

Refrão:

Come on, come out, come here, come here  
 Come on, come out, come here, come here  
 Come on, come out, come here, come here  
 Come on, come out, come here, come here

The lone neon nights

And the ache of the ocean

And the fire that was starting to spark

I miss it all from the love to the lightning

And the lack of it snaps, me in two

Just give me a sign

There's an end and a beginning

To the quiet chaos driving me mad

The lone neon nights

And the want of the ocean

And the fire that was starting to go out
