

# Snow Patrol - On Off

Tom: F

Not too sure about all of this (the chorus) but it's a beautiful song and when I play it this it's beautiful too so it'll do. This is meant to be played by two guitars but I be bothered writing out the other part and anyway it sounds better played by one on an acoustic. Listen to the song to get the rhythms, and enjoy!

Standard tuning

Intro:

Verse

couldnt believe what I was seeing  
 faces were screwed up like what I'd done  
 didnt mean to hurt you so much  
 I knew I would hurt you but not like this  
 we all make a mess from time to time dear  
 take me a lifetime to get this cleared  
 somebody muttered something under their breath  
 but I let on like I was a little deaf

Chorus

D C C?  
 Nobodies perfect thats what I say

No one has hurt you so much you say  
 I'm sorry

Verse

running away seemed like the easy  
 thing to do becasue I wanted time  
 to put a smile back on my dour face  
 for once nothings missing and I feel fine  
 I was afraid to tell you somethings  
 but somethings all find a way to get told  
 hearing it from the lips of somebody else  
 must have knocked the wind out of your sweet face (or chest if  
 you prefer)

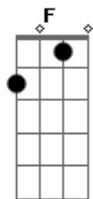

Chorus x2

Intro: D C C? Am Am?

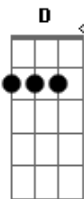

e 2 0 3 0 3  
 B 3 1 1 1 1  
 G 2 0 0 2 2  
 D 0 2 2 2 2  
 A X 3 3 0 0  
 E X X X X X

Again, beautiful song, so simple yet so perfect.  
 Tabbed by me, Antony Poveda
