Everyday all of these crimes are committed,  
and everyone's acting like no one knows  
the role models we see truly  
teach us the ways of desperados  
They desperate upon the Tv  
They got their message on the radio  
for economic gains, wicked games they play,  
as they come upon a video.

(intro base 2x)

When our life needs correction,  
look in our own mirror.  
Or are you scared of your own reflection?  
Look in your own mirror.

Everyone is all about the vanity,

they talk how thy pimp and roll.  
Everyone all about the pride, you see  
everyone talking about who they know.  
Everyone all about the murder and greed,  
they talk how they killed and stole

(intro base 2x)

When our life needs correction,  
look in our own mirror.  
Or are you scared of your own reflection?  
Look in your own mirror.

Our government is no better,  
they truly are the biggest gang of all.  
And when it's time to blame a teacher  
for the student's downfall,...  
When it's time to check the root  
to see why the branch won't stay alive  
Well in America the truth it always has to do  
with twenty, ten and five.

(intro base 2x)

When our life needs correction,  
look in our own mirror.  
Or are you scared of your own reflection?  
Look in your own mirror.
