

S.O.J.A. (Soldiers of Jah Army) - She Still Loves Me

Tom: A
Intro: A D Gbm E

Refrão:

I know it's hard now for you to see
You can't change how it was or how
It's gonna be.
I'm what she wants You're
just what she needs?
And if she still loves me
She still loves me.

Where is her sweater?
Is not in her car
Is not at her friend's house
Is not at the bar

I think you better,
Think with the heart
Take a look at yourself and see
how lucky you really are.

I don't believe in luck after all
Neither does she
But you know that now
You should forget her
Cause I've got her heart
She hates the way that I tear it apart

I know it's hard now for you to see
You can't change how it was or how
It's gonna be.
I'm what she wants You're
just what she needs
oh well, she still loves me
She still loves me.

What did she do today

That took her so long?

Where is she been to,
Where is she gone?

What does she think about,
When she sees the dawn?
When you feel her thinking
And rolling around
What does she talk about
When her father calls?
She says what you said, she tells her old man
you're the one
What does she talk about when her mother calls?
You don't come up,
You don't come up at all.
Intro: A D Gbm E

What do we do when life take us so long?
Why we waste so much time, you know, I'll never know.
Why do we stay here, why don't we go?
Why does everybody think that they can do both?

I know it's hard now for you to see
You can't change how it was or how
It's gonna be.
I'm what she wants You're
just what she needs?
and, she still loves me
She still loves me.

I know it's hard now for you to see
Cause you can't change a thing about
how it use to be
And I'm what she wants
And you are just she needs
But she still loves me, she still loves me.
She still loves me.
