

# S.O.J.A. (Soldiers of Jah Army) - Sorry

Tom: G

Intro: 2x:

Baby I'm sorry  
 For whatever it was I always did;  
 The way it went down and it always is;  
 The way that I am makes it all my fault?  
 ( Em D G C B )  
 You know if I could change who I am right now  
 I wouldn't do it no no...  
 And if I could make all my past be gone  
 I wouldn't change a thing no.  
 Cuz when we first met all you wanted was me...yeah but  
 Now all you want is your apology from me...  
 for being who I said I'd be baby  
 I'm sorry  
 For whatever it was I always did;

The way it went down and it always is;  
 The way that I am makes it all my fault.

When two people start to fall in love  
 you fall up then you fall right down.  
 Cuz it never seems to be what it was  
 when we're clutching straws and drowning in love.  
 I don't feel bad about admitting the truth  
 Cuz honesty's my policy with you.  
 You say that I'm lying I say you want me to...  
 but I love you...

Well I'm sorry  
 For whatever it was I always did;  
 The way it went down and it always is;  
 The way that I am makes it all my fault.

I'm gonna be me it's my fault  
 I'd feel a lot better if you said it's my fault

Sorry-  
 For whatever it was and all  
 the way that it went down and all  
 the way I am it's all  
 my fault my fault I'm sorry.
