Riff Intro

Dm F  
The situation isn't what it was  
C Bb  
And it's never gonna be it again, 'cause we got  
Dm F  
Nothing prepared for what is coming up  
C Bb  
When the Dollar is the focus of men, and you know  
Dm F  
All the solutions we don't talk about  
C Bb  
'Cause we'd rather talk about ourselves, right now  
Dm F  
And if we are what's killing us  
C Bb  
We take the form of the storm up ahead  
Now follow me

Dm F  
Well i've seen that water rising  
C Bb  
And it's rising all around  
Dm F  
And I've seen those roots, they're ripping  
C Gm  
And they rip out from the ground  
Dm F  
And I've seen this world is changing  
C Gm  
And it's right in front of our face  
Dm F  
There's something happening here  
C Bb  
In this little human race

Dm F  
It's coming, coming, coming on down, down  
C Bb  
The water literally rise now  
Dm F  
It's coming and it's coming on down, down  
C Gm  
And the index rise every time around  
Dm F  
It's coming, and coming on down, down  
C Gm  
And we can tear every little thing down  
C  
And we will, just look around  
Bb  
And you can watch us tear it down

And while we kill each other every day  
C Gm  
And while we kill our earth in every way, it's coming down

Dm F  
And we've got this love inside us  
C Gm  
And we've got this hatred too  
Dm F  
And we've got this battle raging  
C Gm  
And we let the soldiers lose  
Dm F  
And we sit and watch and wonder  
C Gm  
Possible outcomes  
Dm F  
Will what we need deep inside  
C Gm  
Become what we want before it's

It's coming, coming, coming on down, down  
C Gm

C Gm  
And the index rise every time around  
Dm F
