

# S.O.J.A. (Soldiers of Jah Army) - Walk Away

tom:

G

Intro:

I heard them say that this is all  
 That what we see is what we got  
 I seen them pray to their pockets  
 And they're still not happy at all  
 But I feel a breeze and I feel it blow  
 And I feel it come and I feel it go  
 And I know there something that I just don't know  
 Cause I can't see what I never saw

You cannot igno-o-ore it when you walk away  
 Cause still right there every day  
 It's in your blo-o-odstream and it's there to stay  
 Even when you walk away  
 It's in your blo-o-odstream and it's there to stay  
 Even when you walk away

You cannot igno-o-ore it when you walk away  
 Cause still right there every day  
 It's in your blo-o-odstream and it's there to stay  
 Even when you walk away  
 It's in your blo-o-odstream and it's there to stay  
 Even when you walk away

Dm Fm C G

It's in your soul  
 It's in your soul

Tell me the reason that when you dream  
 You go to places that you never been  
 Tell me the reason you recognize  
 Someone you never met in your life  
 Answer this question, why are we here  
 Loving each other, why do we care  
 Why do we move when it's easy to stall  
 Why do we rise up when it's easier to fall

You cannot igno-o-ore it when you walk away  
 Cause still right there every day  
 It's in your blo-o-odstream and it's there to stay  
 Even when you walk away  
 You cannot igno-o-ore it when you walk away  
 Cause still right there every day  
 It's in your blo-o-odstream and it's there to stay  
 Even when you walk away  
 It's in your soul  
 It's in your soul  
 It's in your soul  
 It's in your soul  
 Even when you walk away  
 It's in your soul
